# Sewing machines from only £49.99

## Argos Quick guide to Sewing machines

All sewing machines, unless otherwise stated, are free arm/flatbed, can sew on buttons and zips, have reverse sewing, tension dial, auto bobbin winder, twin needle position, variable speed foot control, built-in light, accessories, soft cover and instructions. They also feature the following stitches: straight, zigzag, blind hem, satin and stretch straight stitch.

- **20 STITCHES** – Number of automatic stitches built into the machine.
- **1-STEP** – **1-step** Sew buttons on easily in 1 step. A must for users who regularly sew buttons on. **4-step** Each side of the button is sewn in 4 easy steps.
- **AUTO THREADER** – Automatically feeds thread through the needle's eye.
- **DROP-IN BOBBIN** – Quick and easy way to load the bobbin. A bobbin is a small spool for holding thread.
- **DROP FEED** – Feed dogs – saw shaped teeth that move the fabric through the machine. Ideal for free hand work i.e. embroidery, quilting.
- **COMP** – For all computerised machines. Easy to use, these machines automatically set the ideal length and width of the stitch.

# Quick guide to pushchairs

**Your baby's pushchair is a really important buy, so make sure it lets you get out and about as easily as possible...**

### Think about your lifestyle

If you use public transport, you'll need a light, easy-to-fold pushchair – baskets come in handy for shopping too! If you travel by car, make sure the pushchair folds easily into your boot (with spare space for extra baby stuff!). And if you do a lot of walking, go for something sturdy with good suspension.

### Strollers and forward facing

Strollers are ideal if you use public transport as they're lightweight and compact. Forward facing are reclining pushchairs which are suitable from birth right up to toddling time. The seat unit faces away from you and they fold flat so you can store and move them easily. Small babies and toddlers have different needs so it's often best to replace your first one later on.

### Tandem and twin seaters

If you have two babies these are essential, but they're also a great option if you've got two young children of different ages.

### 3 wheelers

Ideal for all terrain – country and town. Models come with either fixed wheels or lockable swivel wheels.

### Travel systems

Travel systems are a great all-in-one option. They're made up of an infant car seat (like the group 0+ ones on page 1484) and a chassis or pushchair base. You can use them as a carrier, car seat or pushchair, and choose from rocking or fixed positions.

### Don't forget

Always use the harness, make sure your child can't reach any moving parts, don't hang bags on the handles and never leave your child unattended.

# Quick guide to car seats

**First thing's first, choose the right seat for your baby's weight...**

**Group 0+**

Rear-facing infant seats. Great for babies up to 13kg (29lb) birth to approx 12 to 15 months old, they're lightweight, have a carry handle and are secured in the car by an adult seat belt.

**Group 0+ and 1**

Rear and forward-facing seats. Use them as rear-facing seats until baby weighs 13kg (29lb), and as forward-facing seats when baby weighs between 9 and 18kg (20-40lb). They recline for extra comfort when baby's sleeping.

**Group 1**

Forward-facing seats 9 to 18kg (20-40lb). Approx 9 months to 4 years. Suitable when your baby outgrows a 0+ seat. Most recline and have a 5-point harness.

**Group 2**

Forward-facing seats 15 to 25kg (33 to 55lb). Approx 4-6 years. Can be moved easily from car to car. Because they don't recline they're not suitable for younger children on long journeys.

**Group 3**

Forward-facing booster cushions. Recommended for children weighing 22 to 36kg (48 to 80lb) approx 6-11 years. they make sure adult seat belts fit properly over your little one.

**Isofix - the safer choice for car seats**

Isofix stands for 'International Standards Organisation Fix' a new standard which makes fitting a child seat quick, simple and safe. Check with your vehicle manufacturer for compatibility.

**Next, follow our safety checklist...**

- **It is now illegal for any child 12 years or under 135cm tall to travel without an appropriate car seat. Our extensive range consists of infant carriers for newborns right through to booster seats for older children.**
- Side impact protection. Deeper side wings ensure maximum protection in the event of a side on collision.
- Your baby is positioned rearward facing for as long as possible until they reach the maximum weight or when their heads are higher than the top of the seat.
- Make sure you can fit the seat so it won't move about, and adjust it every time.
- Never put your childs car seat on a passenger seat with an airbag.

All the car seats we sell are approved to United Nations Regulations EC4 R44.04

## Quick guide to Safety gates

**Once your baby starts exploring there'll be no stopping them! Stairs are a real danger but they seem to fascinate little ones, so it's essential to use a safety gate at both the bottom and the top.**

Some types of safety gate can be used to block your baby's route into other rooms too - handy if you want to keep them out of places like the kitchen and bathroom. Don't forget to measure up before you buy.

### Screw fix

This type of gate is permanently fixed to the wall. For easy adult access, the whole gate swings open.

### Pressure fit

These gates use spring action to fit snugly between two walls. They're temporary and they don't damage your décor either! If you want to use them between a stair post and a wall, you'll need to use permanent-fix wall cups too.

# Quick guide to monitors

**Using a monitor can be really reassuring, letting you relax while your baby sleeps in another room. Remember though, they're there to help - they can't replace adult supervision.**

**Peace of mind**

We've got a great range of baby monitors, all designed to give you that extra bit of reassurance. You'll know as soon as your baby wakes or stirs - so you can unwind a little while they're snoozing.

Some monitors require charging.

## Quick guide to mattresses

**It is important to buy the correct mattress so that your baby will sleep safely and securely. Our mattresses are made from superior fabric giving comfortable support for baby and comply with all relevant safety standards.**

When choosing your mattress, it is important to ensure a good close fit of the mattress in the cot.

**Hypo allergenic foam mattress** Non-allergenic inner foam core with a non PVC, anti allergenic and moisture resistant surface. Washable, breathable and reversible cover. **Home delivery only - usually within 48 hours[›].**

### Safer sleep guidelines

We recommend that your baby should be out in the "feet to foot" position on the mattress. Tuck blankets in securely, no higher than the shoulders. FSID's top tips for sleep safety are:

- Place your baby on their back to sleep
- Do not let your baby get too hot
- Quilts, duvets and pillows should not be used for babies under 12 months

For other tips, please visit their website at www.sids.org.uk/fsid

**1 New Baby Annabell®**
46cm function doll. Baby Annabell® is just like a real baby with realistic features and she now reacts to your voice! When you talk to Baby Annabell® she turns her head to the left or the right depending on where your voice is coming from. She babbles, gurgles and sucks on her dummy. When she drinks from the water-filled bottle she makes sucking sounds and slowly opens and closes her eyes. Once she has finished drinking, she burps and falls asleep. If she is woken by noise she cries – and real tears roll down her cheeks. Requires 4 x AA batteries (order 1 of 980/3064 at £2.79 for 4).
**For ages 3 years and over.**

# Argos quick guide to radio control

**Products in our radio control range have been developed with various features to improve performance and play value, which include:**

**Frequency** – Vehicles can operate on either 27 or 40MHz frequency which allows two cars to be raced at the same time without interference.

**Multi-banding** – Option for splitting the frequency into multiple bands. By switching bands on the vehicles with this function up to 3 cars with the same frequency can be raced at the same time.

**Full function** – Enables total control. Left/right steering, forward and reverse movement.

**Digital proportional** – Realistic acute steering and controllable acceleration which replicates actual vehicle performance.

**Lights and sound** – Light up head lights or chassis, ideal for use in the dark. Realistic engine sounds.

**Rechargeable battery pack** – No additional purchase of batteries required. Rechargeable battery pack allows approx. 35 minutes run time from a repetitive 4 hour charge via mains.

**Battery voltage** – Some larger vehicles require a higher voltage battery to enable performance to be maintained. However the inclusion of higher voltage batteries in small vehicles enhances the speed and functionality.

**Wheel alignment** – Enables precision alteration of the wheel tracking if the vehicle does not run straight.

## Argos Quick Guide to instruments

### Why should you buy School Instruments from Argos:

Buying your first school instrument is a big consideration. Argos offers you a select range of key brands that you can trust to give you the best start when taking up a new instrument. We now have our largest ever range of instruments for school; and all at great prices!

### Guitars

**Acoustic Guitars**

The quality of sound you get comes from the wood it is made out of; real wood guitars (spruce, mahogany, rosewood etc.) will make the best sound.

**Electric Guitars**

Consider the sound you want to make. For a modern lead guitar sound pick a guitar with single coil pickups. For a 'thicker' heavy metal/rhythm sound look towards a guitar with 'humbucker' pick-ups. A guitar with a combination of these gives the widest range of sounds.

### Keyboards – Things to look for:

The quality of the black & white key action will improve with price so it will last longer and feel more responsive to your playing – this includes the addition of touch sensitivity as you go up through the range – the harder you press the louder you play. As specification improves so does the quality of sounds and speaker quality.

A good display on the keyboard is important so you can see what feature selections you have made. The size and quality of the display improves from LED to LCD to backlit LCD.

# Argos Quick Guide to Christmas trees

**Why choose an artificial tree?**
Quick to put up and easy to take down, artificial Christmas trees look fantastic year after year. They are the cost effective, low maintenance way to light up any room in your house.

**Choose from:**

- Traditional artificial trees that come with their own stand and can be used in any area of a room. Simply personalise your tree with your own Christmas decorations.
- Fibre optic trees with a subtle twinkle are available in coloured or clear. Ready to use - just plug in and enjoy!
- A pre-lit tree with its attached lights lets you say goodbye to tangled wires. Just add your decorations and plug it in!

Argos Pet Insurance

# Could you afford £1,000 vet's fees?

You love your pet and if they became ill or had an accident, you'd want them to be looked after. Argos Pet Insurance claims in 2006 showed that treating your pet for diabetes or after a road accident can cost £1,000 or more. But for just a few pounds a month, you could protect your pet and your pocket with Argos Pet Insurance.

- **Silver** – covers vet's fees up to £1,000 per condition for 12 months from the start of your pet's condition.
- **Gold** – covers vet's fees up to £2,500 per condition for 12 months from the start of your pet's condition.
- **Platinum** – our best cover protects your pet for up to £6,000 per condition with no limit to the length of treatment.

### How the Argos Card works

Depending on how much you spend, you can choose from the many different credit plans available on the Argos Card. If you spend between zero and £94.99 then you qualify for the normal credit plan where you could pay nothing for up to 59 days. If you spend between £95 and £194.99, you can pay nothing for up to 3 months, spend £195 or more and you can pay nothing for up to 6 months. There are also pay nothing deals for up to 12 months on selected product ranges. You can even get up to 2 years INTEREST FREE CREDIT on selected ranges. Look out for the symbols throughout the catalogue. If you pay off any PAY NOTHING plan by the due date, then you won't be charged any interest. If you choose to spread the cost for a longer period, then we will simply add the interest from the date of purchase and you then have to make a minimum monthly payment of 4% of the balance or £2 whichever is greater. Typical 27.9% APR variable. For Interest Free credit deals, you simply pay an equal amount every month for the period of the agreement. So for instance, spend £1200 on a 2 year Interest Free Credit plan and pay £50 per month and pay no interest – ever! All credit is provided, subject to status, by Argos Card, Royal Avenue, Widnes WA88 1AL. * on selected lines

Calls to our order and enquiry lines cost less than 8p per minute. Calls to Argos Card will be recorded for quality control and training purposes.

* If you had your item delivered your order number counts as your receipt/proof of purchase.

We're committed to selling high-quality products we hope you'll enjoy using. But we also know that, for one reason or another, there may be a time when you need to exchange or return something you've bought.

# If I change my mind?

- Most things we sell are covered by our 30 day money back guarantee, so just return them to us unused, in their original undamaged packaging, in a saleable condition, with your receipt and we'll give you a refund
- If you don't have your receipt, as long as you have proof of purchase we'll exchange the item or give you a refund with vouchers
- If you'd like to return something we've delivered, just call us and we'll collect it free. Your order number will count as your receipt
- We're sorry but some items, like earrings, foot spas and dental products, can't be exchanged or refunded for hygiene and safety reasons, unless they're faulty
- To protect your personal security we are also unable to accept returns on some non faulty imaging and recording products such as MP3 players and digital cameras
- If a product is excluded from our 30 day money back guarantee it is clearly marked in the catalogue with a †
- Our 30 day money back guarantee does not affect your statutory rights

The NEW Argos MasterCard – see page 1754
Argos Gift Vouchers/Cards
Corporate Link Card
Provident Vouchers
Style Card
High Street Vouchers
Creditcharge (Argos personal account card)

You can spend Nectar points **in store** too.

We are sorry but we no longer accept personal cheques as a method of payment.

**DATA PROTECTION**

Argos Limited ("Argos"), a company incorporated in England, is a member of the Home Retail Group ("the Group"). The Group ("we", "us") also includes, Argos Business Solutions Limited, Home Retail Group Card Services Limited, Home Retail Group Insurance Services Limited, Home Retail Group Personal Finance Limited, ARG Personal Loans Limited, Homebase Limited and their associated companies from time to time. A list is available on request from the Data Protection Compliance Manager, Home Retail Group plc, 489-499 Avebury Boulevard, Milton Keynes, Buckinghamshire, MK9 2NW.

**Use of your personal information**

We may use information about you as follows:

- to give to companies and organisations whose products we provide to you, e.g. product, home and motor, financial and travel services.
- to fulfil our agreement with you and processing and obtaining payment.
- to analyse and profile your shopping preferences e.g. (market, customer and product analysis) to enable us to review, develop and improve the products and services which we offer and to enable us to provide you and other customers with relevant information through our marketing programme. We may use your information to make decisions about you using computerised technology, for example automatically selecting products or services which we think will interest you from the information we have. We may keep you informed of such products and services (including special offers, discounts, offers, competitions and so on) by any of the following methods: email, telephone (including automated calls), SMS text message and other electronic messages such as picture messaging, post, fax, or otherwise (including products and services of other companies and organisations) which we consider may be of interest to you. When you provide us with your information you will be given the opportunity to say if you do not wish to receive information of such products and services from either us or carefully chosen third parties.
- to administer any prize draws or competitions you may enter.

**Fraud prevention**

In order to protect us and our customers from theft and fraud, we may pass on information that we obtain from making identity checks and other information in our customer records, including how you conduct your account, to other Group companies, other retailers and to financial and other organisations (including law enforcement agencies) involved in fraud prevention and detection, to use in the same way.

**Telephone Calls**

Calls will be recorded to verify content and may be used together with your customer records for regulatory compliance, quality control and staff training, preventing or detecting criminal activity, and for complaint resolution.

**Credit applications**

When you apply, we'll search your record at a credit reference agency or agencies. They will supply us with credit information and details taken from the Electoral Register. Credit scoring methods may be used to assess this application and to verify your identity. Credit searches and other information which is provided to us and/or the credit reference agencies, about you and those who you are financially linked with, may be used by us and other companies if credit decisions are made about you or other members of your household. This information may also be used for debt tracing and the prevention of money laundering as well as the management of your account. Information held about you by the credit reference agencies may already be linked to records relating to one or more of those with whom you are or have been financially linked or associated. For the purposes of this application you may be treated as financially linked and your application will be assessed with reference to any "associated" records. If you refer to another person in your application, then you are also declaring that you are entitled to disclose information about them and have obtained their permission. You, and anyone else you have a financial link with, understand that each other's information will be taken into account in all future applications by either or both of you. This linking will continue until one of you successfully files a 'disassociation' at the credit reference agencies. Even if your application goes no further, the credit reference agencies will add details of this search and your application to your record. We'll also add details of your agreement with us, as well as ongoing details of your account and how you manage it. If you don't repay on time, or in full, we may tell the credit reference agencies, who'll record details of the debt. All this information will be seen by other organisations carrying out later searches.

We'll check your details with a fraud prevention agency or agencies and if you give us false or inaccurate information and we suspect fraud, we will record this with them. We and other organisations may use and search these records to help make decisions about credit and related services, or consider motor, household, credit, life and other insurance proposals and insurance claims, for you and members of your household. We and other organisations may also use them to trace debtors, recover debt, prevent fraud, manage your accounts or insurance policies, and check your identity to prevent money laundering, unless you give us other satisfactory proof of identity. We, the credit reference agencies and the fraud prevention agencies may also use the records for statistical analysis about credit, insurance and fraud. We may occasionally search our records and those of credit reference and fraud prevention agencies so we can manage your account and take further decisions about credit, but other lenders won't be able to see or use these searches for credit assessment purposes. We may use automated decision making systems when assessing you for credit and for fraud prevention. If you want to receive details of those fraud prevention agencies from whom we obtain and with whom we record information about you, then write to: The Fraud Manager, Home Retail Group Card Services Limited, Royal Avenue, Widnes, Cheshire WA88 1AF. You have a legal right to these details.

**Disclosure of your personal information**

We may give information about you to companies and organisations whose products we provide to you, e.g. product, home and motor, financial and travel services as follows:

- to other companies and organisations to administer any prize draws or competitions.
- to our agents, staff and approved third parties to carry out services for us.
- to anyone to whom we transfer our rights and duties under our agreement with you.
- if we have a duty to do so or if the law allows us to do so.

In carrying out the activities specified in this section, we may transfer data to reputable companies outside the European Economic Area. We take steps to ensure that your information will be afforded the same level of protection as that required of us under applicable UK data protection legislation.

If you have any questions about data protection, please write to the Data Protection Compliance Manager at Home Retail Group plc, 489-499 Avebury Boulevard, Milton Keynes, Buckinghamshire, MK9 2NW.

**TV Licensing**

It is a legal requirement that if you purchase any television receiving equipment such as a TV, set-top box, video or DVD recorder, computer or mobile phone to watch TV programmes as they are being broadcast, that Argos must obtain details of your name and the full address of where the equipment will be installed. Unless this information is provided, such sales will be refused. Further information is available at www.tvlicensing.co.uk

**Catalogue symbols** The following symbols appear throughout the catalogue. Here's what they mean:

PRICE CUT — This means the item is lower in price than it was the last time it appeared in the catalogue.

Low Price — This highlights our lowest-priced product of that type (not including promotional offers).

These items come flat packed for you to assemble at home.

### Take Back of old appliances/TVs

Take Back is only offered through the home delivery service on the purchase of new large domestic appliances and selected TVs.

Old TVs MUST be disconnected in readiness for removal. Old large domestic appliances to be collected MUST be disconnected and defrosted (for at least 24 hours) and emptied of water. Failure to comply will result in the old item not being taken away. You will be given a refund of the charge for the Take Back service if the old item cannot be removed for any reason including health and safety.

Please note that removal of the old item is only available at the same time as the new one is delivered. If the old one cannot be removed at the same time, we will not come back and collect at a later date and you will receive a refund of the charge for Take Back.

## LARGE KITCHEN APPLIANCES

Customer Satisfaction Guarantee: We want you to be totally satisfied with all your large kitchen appliances purchased from Argos Limited. Please note that all large kitchen appliances are excluded from our normal 30-day money-back guarantee, but our after sales care and repair services complement your statutory rights which, of course, remain unaffected. If you have ordered by telephone or the internet you have a statutory right to cancel your order under the distance selling regulations. See home shopping section for more details.

If you order our delivery and connection or Hotpoint Connect and Collect service please ensure that there is an existing service supply within 1m of where the new appliance is to be connected as we will be unable to carry out any remedial plumbing or electrical work. You can also arrange for collection of your old appliance so that we can dispose of it safely (see Take Back for old appliances/TVs above). Please note that Take Back must be purchased at the time you place your order and we will only remove the old appliance if it has been disconnected. If you are purchasing a Hotpoint Connect and Collect appliance, a Take Back service is already included within the price. Delivery only for Hotpoint appliances does not include Take Back which can be purchased separately. Once installation has been completed we will take away all packing at the time of delivery. Delivery and collection is only available on selected items which will be clearly marked on the catalogue pages.

Electric cookers: Installation can only take place if your old appliance has already been disconnected. Our qualified driver can install your new cooker to an existing connection point.

Gas cookers: A qualified gas engineer will disconnect your old appliance. Your new appliance will then be delivered, for a gas engineer to connect the appliance to suitable connection points. Installation of cookers is on a like-for-like basis (i.e. electric cooker for electric cooker).

### Disposal of electrical waste products

The United Kingdom is under an obligation to minimise the disposal of Waste electrical and electronic equipment (WEEE) in domestic waste, and encourage recycling, recovery and environmentally sound disposal. Home Retail Group is committed to promoting the reuse, recycling and recovery of WEEE by contributing to the appropriate compliance schemes. Products or packaging will be marked with the crossed out wheeled bin symbol (below) to indicate that the product must not be disposed of in domestic waste but disposed of through an approved WEEE take back scheme. For details of your local collection facilities please contact your local authority or visit www.recycle-more.co.uk

### RESERVING FROM HOME: Check & Reserve via telephone, online and text

More information on these services is provided below:

- home delivery items, rings and personalised jewellery are not available on these services.
- the price you pay will be the price in store on the day you collect and pay for your goods.
- we reserve the right to remove any item from this facility, customers will be notified accordingly.
- these services are not available for Call and Collect stores.
- when you text Argos each message you send costs the usual price of sending a text message.
- all reservations are subject to stock availability.

## HOME SHOPPING

Under the Distance Selling Regulations, you have a right to cancel your order for any home delivery item (excluding items purchased in store) for a full refund. This does not apply to items personalised or made to your specification; audio/video recordings or software that you have unsealed; items such as earrings and cosmetics that, by reason of their nature, cannot be returned; perishable goods e.g. food, flowers and periodicals/magazines. To cancel or arrange a return within 7 days after the delivery of your item call 0870 600 2020 quoting your order number. You must take reasonable care of the item(s) and must not use them. Item(s) may be returned to any Argos store, or we can arrange collection free of charge. You may cancel an order for services in the same way, within seven days of the date of purchase, unless the services begin sooner. You may not cancel accommodation, transport or leisure services which occur on a specific date. Note: The Distance Selling Regulations do not apply to Financial and Insurance Services.

## DELIVERY

### Smaller Items

Delivery times for most products within the catalogue are 7.30am-6pm Monday to Friday and 7.30am-3pm Saturdays (excluding bank holidays). These products are delivered on our behalf by 'Home Delivery Network Ltd', the largest parcel delivery carrier in the UK. If no-one is at home when the driver calls, in many cases we will be able to leave the parcel with a neighbour or in some other safe place. You will be left a card which will either identify that safe place or give you some options for re-delivery.

### Larger Items

For larger items delivery times are 7.30am-1pm, 10am-2pm or 12pm-6pm. We regret that the Argos Direct service is not available in outlying areas such as the Channel Islands, Isle of Man, Orkney and Shetland. If your goods are in our regional warehouse you will have been given a delivery date and time at the point of order. If your goods are not already in the regional warehouse we will call you to arrange delivery when they receive them. Your receipt will indicate when. A limited range of products are delivered direct from suppliers, by separate vehicles.

On your delivery day our drivers should phone ahead around 1 hour before they arrive (unless an early morning delivery). We'll do our best to get your shopping to you within the times stated but it can depend on where you live and what's in stock. When you order we will provide you with the details of your delivery. We'll deliver any item marked 'Home delivery only' to any room provided drivers do not feel there are any health and safety issues such as a staircase which is too narrow or there is a danger of damage to the customers property.

### Returns

If you decide within 30 days of delivery that you'd like to return something it's easy – for smaller items just bring it in to your local store or call us on 0870 600 2020 and we'll come and collect it from you, free. For larger items please give us a call and we'll come and collect it, free.

### 2-3 Day Express Delivery Service

Available on selected items. For Northern Ireland express delivery may take an additional day. Remote areas of the UK (Scottish Highlands and Island) are excluded from this service. Express orders must be placed before 6pm for delivery in the following 2-3 days. 2-3 days excludes Sundays and Bank holidays. Express offer availability is subject to product being in-stock in our warehouse.

## IMPORTANT BITS

All products are subject to availability. Sometimes product specifications from the manufacturer change, in such instances we'll do our best to offer you a similar alternative. All our sizes and measurements are approximate but we do try to make sure they are as accurate as possible. Whilst we make every effort to ensure that the colour of products in our photographs are accurate there may be slight variations due to the photographic reproduction process. On the rare occasion when there is an error in the catalogue, we will do our best to inform you at the earliest opportunity when you order. Our in-store catalogues will always be amended to reflect any major changes. Sometimes we may experience problems with the supply of certain products and may therefore provide a substitute of the same or better specification at the same price. If you are not happy with the replacement you can return it under our 30-day money-back guarantee. Where applicable, you may cancel your order in accordance with your rights under the Distance Selling Regulations (see left for details) and we will collect the item free of charge. Our products have been selected for domestic use only, so if you're planning to use them for business purposes please make sure you are covered by the appropriate insurance. Where you decide to use the products in the course of a business, we exclude (to the fullest extent permitted by law) those warranties and conditions relating to fitness for a particular purpose. Our maximum liability to business users arising out of or in connection with the products shall be limited to the replacement value of the product in question (except in the case of death or personal injury caused by our negligence or in respect of fraud). In relation to business users, we do not accept liability for the fitness of goods for business purposes, nor do we accept any liability for loss of use of the item nor any loss over and above the cost of the item in the event of a claim for breach of warranty or condition. All prices are shown in £s sterling and are valid at the date of going to print but may vary during the life of the catalogue. VAT is currently 17.5%. This catalogue is valid until the launch of the Spring/Summer 2008 catalogue and supersedes all previous catalogues. Certain products are the subject of age restrictions (e.g knives and some video games) and we cannot supply those products to persons under the stated age. If the product is the subject of an age restriction you may be asked for proof of age at the point of sale.

### JEWELLERY

Services: A jewellery repair/engraving service and a watch strap adjustment service. Sizes and availability: Most ring sizes are available in store or available within 14 days.

Ring sizes: The following measurements apply to all rings unless otherwise stated: ladies' ring sizes H-V, men's ring sizes M-Z, ladies' silver ring sizes L-R, men's silver ring sizes R-V. Spinner rings and full eternity rings cannot be resized.

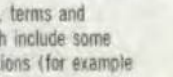
Bracelets: The following measurements apply to all bracelets unless otherwise stated: ladies' bracelets 17.8 to 19.1cm (7 to 7½ins), men's bracelets 20.3 to 21.6cm (8 to 9ins).

White gold items are rhodium plated to enhance their appearance.

Please note that all weights, measures and lengths are approximate. Some products have been enlarged to show details. Whilst we try to ensure accuracy of colour, we cannot always guarantee an exact portrayal of items shown. Every care should be taken with fine pieces of jewellery and contact with water and perfume should be avoided. We reserve the right to refer any item for independent verification.

### British hallmarks

Your guarantee of quality. All items of gold, except some small items such as earrings, come with a hallmark as follows:



### The Assay Office Mark

Shows the place where the gold was tested for quality. Birmingham has an Anchor, Sheffield a Rose, Edinburgh a Castle, London a Leopard and Dublin a Boujet.

### The Sponsor's Mark

The initials belong to the article maker or sponsor.

### The Fineness Mark

Certifies the quality of the gold and indicates its recognised carat value e.g. .375 is 9ct and .750 is 18ct gold.

### Common Control Mark

A legally recognised and approved hallmark applied to articles by Assay Offices in the UK, Austria, Denmark, Republic of Ireland, Finland, Norway, Portugal, Sweden and Switzerland.

### Diamond Sourcing Policy

Argos does not knowingly source conflict diamonds from Angola, Congo, Sierra Leone or Liberia.

### Gold sourcing policy

Argos supports the jewellery industry in its aims to ensure that gold is mined without damage to the environment or to communities living near the mines.

### INSURANCE THROUGH ARGOS

Argos teams up with a number of insurers and brokers to offer a range of insurance products to Argos customers – further details of these arrangements are provided below. Occasionally we may change the insurer or administrator during the life of the catalogue and if this does happen the new details will be provided prior to purchase and will be published in leaflets in store and on the Argos website.

### Insurance Customer Services

We make every effort to ensure that the service we provide to you and the service provided by the insurance companies and brokers is of a high standard. However, if you are not satisfied in some way about the service you have received in relation to any of the insurance products offered below, please contact:

For Car, Home, Pet, Travel and Argos Card related insurances:

Argos Customer Support Department, Home Retail Group Financial Services, Royal Avenue, Widnes, WA88 1AL.

For Jewellery & Watch, Furniture, Mobile insurance and Breakdown Cover and Replacement Product Cover:

Customer Satisfaction Manager, Allianz Schemes, Allianz House, 6 Vale Avenue, Tunbridge Wells, Kent, TN1 1EH.

### Terms and Conditions

As with all insurances, terms and conditions apply, which include some exclusions and restrictions (for example deliberate damage, wear and tear, not following the manufacturer's instructions). It is important that you read and understand these terms and conditions prior to purchase.

For Breakdown Cover, Replacement Product Cover, Furniture, Mobile Phone and Jewellery & Watch Insurance, the full terms and conditions, along with the complaints procedure, are available in the in-store leaflet. These products do not affect your statutory rights. Unless the insurer agrees otherwise, they are governed by English law. If we replace your product as a result of a claim your cover will end. Where theft is covered, you will need a valid Crime Reference Number, along with your receipt and insurance, in order to make a claim. If the insurer cannot meet its liabilities the policy will be protected by the Financial Services Compensation Scheme.

The other product insurances listed above are provided by Allianz Insurance plc, registered in England number 84638. Registered Office: 57 Ladymead, Guildford, Surrey, GU1 1DB. Allianz Insurance plc is authorised and regulated by the Financial Services Authority.

For Pet, Travel, Home, Car Insurance and RAC Breakdown Cover, terms and conditions are available on request by calling the relevant telephone number.

### Further relevant information for Breakdown Cover and Replacement Product Cover

- The duration of the insurance begins on the date the product is purchased.
- Consumers have certain rights under the Sale of Goods Act 1979 including the right to claim for repair or replacement of an item for up to 6 years (5 years in Scotland) if when it was sold it was not of satisfactory quality. After 6 months from the date of purchase the consumer needs to prove that the item had a fault when it was sold.
- A product insurance for your Argos product may be available from other providers and household insurance may be relevant for some items (although on some household policies there may be consequences of making a claim such as excess, loss of no claims discount, etc).
- You will be provided with a written quotation before you purchase your insurance in store and this is available in any case on request. You can purchase any of the above insurances on the same terms for up to 45 days from the day you purchase the product. The item must still be in working order and undamaged in order to take out cover.
- If you purchase the insurance and change your mind, you can cancel the insurance within 45 days by returning to store with your policy document and receipt and provided you have not made a claim you will be entitled to a full refund in the funds you originally tendered. If you wish to cancel the insurance after 45 days you can do so and receive a pro rata refund for the remaining period left of the policy. This pro rata refund can be obtained by contacting Allianz Insurance plc.
- You will be required to provide your insurance receipt and policy document to obtain this refund.
- If your product is replaced under the insurance your policy ends and you will not be entitled to a pro rata refund.

### Further information about our Car, Home, Pet, Travel and Store Card related Insurances.

Argos is an appointed representative of Home Retail Group Insurance Services Limited (HIS). HIS is authorised and regulated by the Financial Services Authority (FSA). You can check this on the FSA's Register by visiting the FSA's website www.fsa.gov.uk/register or by contacting the FSA on 0845 606 1234. Argos and HIS do not provide advice on the Pet, Travel, Car, Home and RAC Insurance products advertised. Details of the intermediaries who arrange these insurance products and the insurers who underwrite them are given on the previous pages. A list of the insurers who provide the insurance products is available on request. A copy of our complaints procedure is available on request: see the section above headed 'Insurance Customer services' for further details. If we cannot settle your complaint to your satisfaction, you may be entitled to refer it to the Financial Ombudsman Service. We are covered by the Financial Services Compensation scheme (FSCS) and you may be entitled to compensation from the Scheme if we cannot meet our obligations. This depends on the circumstances of the claim.

# Store location list

## We have 3 different types of store...

...but don't worry, you can get all the items in this catalogue from any type of store. Just read on to find out how...

### Argos extra stores

Our Argos extra stores are listed in red. They keep the full range of extra products in store so you can take them away straight away. The really great news is that there are over 3,500 more products in store to choose from!

### Regular Argos stores

Our regular Argos stores are listed in black. You can order items marked extra there and pop back to collect them usually within 3 working days. Remember, if you want to buy an extra item from a regular Argos store, you can order it by using Check & Reserve to save yourself a journey – see page 5 for details.

### Argos Call & Collect stores

Our Call & Collect stores are listed in blue. These are smaller stores that don't hold any stock, but they can get both regular and extra items in for you. Just call them with your order, then pop round to pick it up later. You'll find the telephone number under the store name.

recycle

## Recycling

We'd love as many old catalogues as possible to be recycled. Use your local kerbside collection scheme, your nearest recycling centres or hand in your old catalogue at your local store and we'll do it for you. Your waste packaging can also be recycled, see www.recyclenow.com

We'd like to give out fewer carrier bags too, so please tell us if you don't need one, or bring your own.

You can even recycle any old or unwanted furniture by calling the Furniture Re-use Network on 0845 602 8003.

For more information check out the recycling section of www.argos.co.uk

Collect extra items today from Argos Extra stores, or order and collect (usually within 3 working days) in all other stores. See p1763.
